

Cambridge North Patient Tower

Announced: February 2016

Project Type: Expansion

Investment: \$50M

Description: The initial \$280 million, seven story, 92-bed Cambridge North Patient Tower will be expanded by an additional 4 stories adding 300,000 square feet, at least 32 beds. The expansion is in response to the anticipated patient volume which would have put the original new tower at capacity upon opening.
